

Sajjad Ghaderi

Fullstack Developer

PROFILE

Full-stack developer specializing in Next.js, Node.js, and TypeScript, focused on building scalable and user-centric applications. I deliver modern solutions with strong performance, clean architecture, and clear code structure. During my thesis project, I improved a booking flow by reducing the required steps from 6 to 2 through a dynamic interface that adapts in real time to user input.

EXPERIENCE

YEMAYA LABS | FULL-STACK DEVELOPER - CTO

Full-stack developer | 2026

- I led the IT architecture and operations, built scalable platforms for data collection and multilingual analysis, designed full-stack systems with Next.js, Node.js and TypeScript, and implemented GDPR-compliant data security alongside robust CI/CD pipelines for reliable production.

FIXMEAPP | FULL-STACK DEVELOPER

Internship & Thesis | 2025

- I developed a scalable booking system using Python and FastAPI with a focus on low latency and stable performance, designed dynamic UI components to streamline user flows, and led feed development in a monorepo environment using Next.js and React Native.

SKORVERKET | FRONT-END DEVELOPER

Internship | 2025| STOCKHOLM

- I worked in an agile environment on the development and improvement of Skolverket and Utbildningsguiden, and served as the lead developer for a React application enabling search, filtering and comparison of upper-secondary schools, with a strong focus on WCAG, accessibility and user experience.

COOP | SÄLJARE

2020- | BAGARMOSSEN

- I am responsible for customer flow, checkout operations, customer service and sales, with a strong focus on efficient service and customer experience.

EDUCATION

FULL-STACK DEVELOPER | FÖRETAGSUNIVERSITET
