Sajjad Ghaderi

Professional summary

Fullstack developer with hands-on experience building user-driven apps in React Native, [Next.js](#), Python and Java. Specialized in creating dynamic interfaces that enhance user flow, such as in my degree project where I reduced the number of booking steps from 6 to 2. Driven by developing well-structured, scalable solutions using modern tech stacks

Skills

Frontend & Mobile: React, React Native, [Next.js](#), TypeScript, JavaScript, HTML, CSS

Styling & UX: Tailwind CSS, Sass, Responsive Design, WCAG/Tillgänglighet.

Backend: [Node.js](#), Express, Python, FastAPI, Rest API.

Database: PostgreSQL, MySQL, MongoDB, Drizzle ORM.

Tools & Methodology: Git, Github, Monorepo, Agile Development/Scrum, Jira, Docker (basic), Figma.

Work Experience

Fixmeapp / Fullstack Developer Internship / Degree Project

Jul 2025 - Nov 2025, Stockholm

- Developed and optimized a Scalable booking system with Python and FastAPI, handling over 100 daily transactions with an average response time under 100ms.
- Executed a degree project on the frontend: Designed and implemented an innovative system with dynamic interface components that adapt in real-time based on user input. The solution streamlined a complex booking flow by reducing the required user click from 6 to 2.
- Responsible for the development and maintenance of the main flow (the feed page) in a monorepo environment, ensuring a consistent codebase and user experience across the [Next.js](#) (web) and React Native (mobile) platforms.

Skolverket / Frontend developer internship

Aug 2024 – Nov 2024, Stockholm

- Worked in an agile team with responsibility for developing and improving the school directory and education guide.
- Lead developer for a React-based application enabling students to search, filter, and compare secondary schools. Focused on accessibility (WCAG) and user-friendliness.

Projects

My Portfolio | Full Stack Developer Showcase

January 2024 – Present

- Built with React, TypeScript, and SCSS to demonstrate modern web development
 - Features interactive skill visualizations with animated progress bars
 - Showcases 4 complete projects with both frontend and backend details
 - **Live Demo:** <https://sajad1-0.github.io/MyPortfolio/>
 - **Github:** <https://github.com/Sajad1-0/MyPortfolio>
-

Spotly - Fullstack Booking platform

Mar 2025 – April 2025

Built a REST API for conference/workspace room booking using [Node.js](#) and TypeScript. The backend system handles user authentication, room management, and booking logic with a PostgreSQL database. This demonstrates backend expertise with a focus on scalability and security.

- **Backend:** [Node.js](#), TypeScript, Express, PostgreSQL.
- **Features:** JWT authentication, CRUD operations, conflict checking for double bookings, REST API, Docker container.
- **Architecture:** Clean architecture with clear separation of concerns.
- **Github:** <https://github.com/Sajad1-0/Spotly>

JerseySweden - Full stack E-commerce Platform | Personal project

Jan 2024 - Jun 2024

Built a complete e-commerce solution with separate frontend (React/JavaScript) systems. The frontend application is live with full functionality, while the backend API is production-ready for integration. This demonstrates full-stack understanding from UI to business logic.

- **Frontend:** React, JavaScript, Tailwind CSS
- **Backend:** Java, Spring Boot, REST API
- **Live Demo:** <https://sajad1-0.github.io/jerseySweden/>
- **Github-Frontend:** <https://github.com/Sajad1-0/jerseySweden>
- **Github-Backend:**
<https://github.com/Sajad1-0/Backend-JerseySweden>

Education

Fullstack-development / Företagsuniversitet

Aug 2023 - Dec 2025, Stockholm

- Practice-based higher vocational education with the grade Very Good (VG) in all courses
- Covers modern fullstack development with JavaScript/TypeScript, React/[Next.js](#), [Node.js](#), Java, Database technology, and agile working methods.

The Technology Programme, specialization in Civil Engineering & Environment/ Designgymnasiet

2017 - 2020, Stockholm

Other

-
- **Languages:** Swedish (Fluent), English (Fluent), Dari (Native)
 - **Skills:** Problem Solving, Team Collaboration, Communication.
 - **Hobbies:** Boxing, Strength Training - develops focus, discipline, and endurance.
 - **Driver's License:** B-körkort.
